

Allah MADE Everything

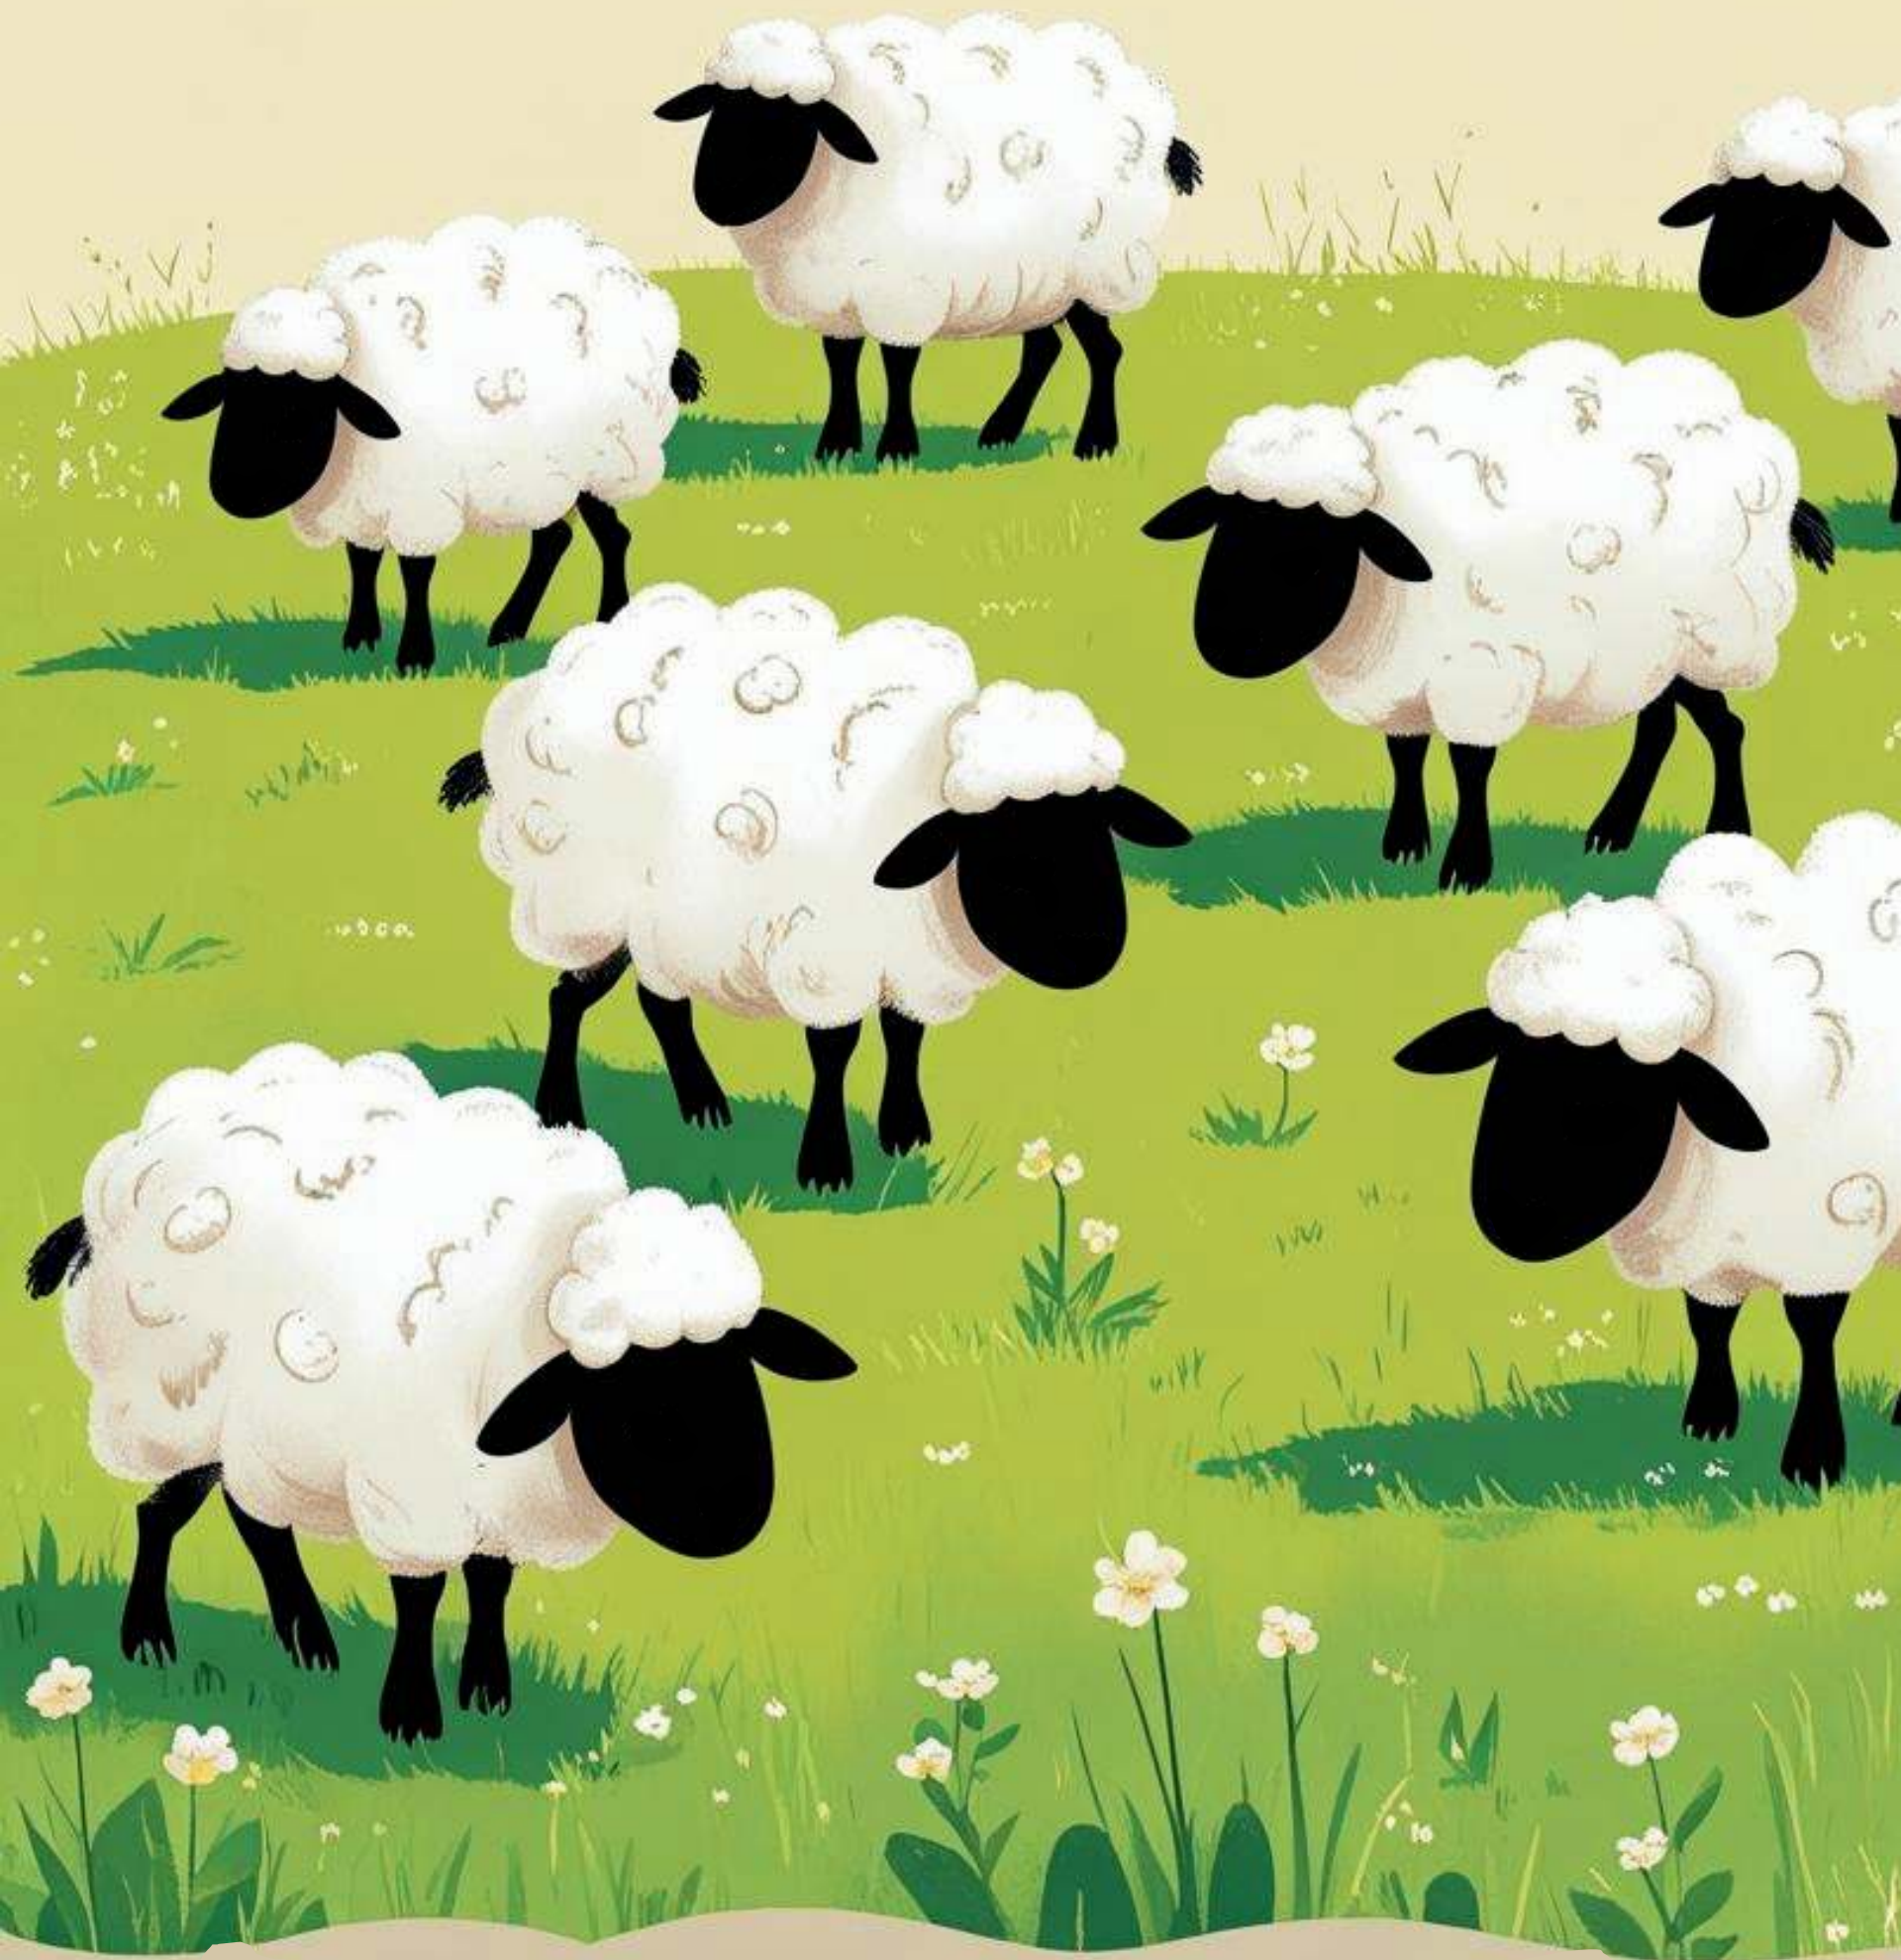

**Allah made the sun so bright,
warming us with golden light !**

**Allah made the moon at night,
Shining silver, calm and bright !**

With gentle care, Allah made the sheep,
Their wool a treasure ours to keep.

**Allah made the trees so tall,
giving shade and fruit to all !**

**Allah's rain refreshes all,
Filling ponds and rivers small.**

Birds that soar and sing so high,
A blessing from Allah's sky.

**Allah made the fish so quick,
swimming fast with flick-flick-flick !**

**Allah made the clouds so white,
fluffy, floating, light and bright !**

**Allah made the flowers grow,
pink and yellow, row by row !**

**Allah made the apples red,
Sweet and crunchy, taste ahead !**

**Allah made my hands so small,
To clap, play, and help them all !**

Allah made my feet to walk,
To run, to jump, and skip to rock!

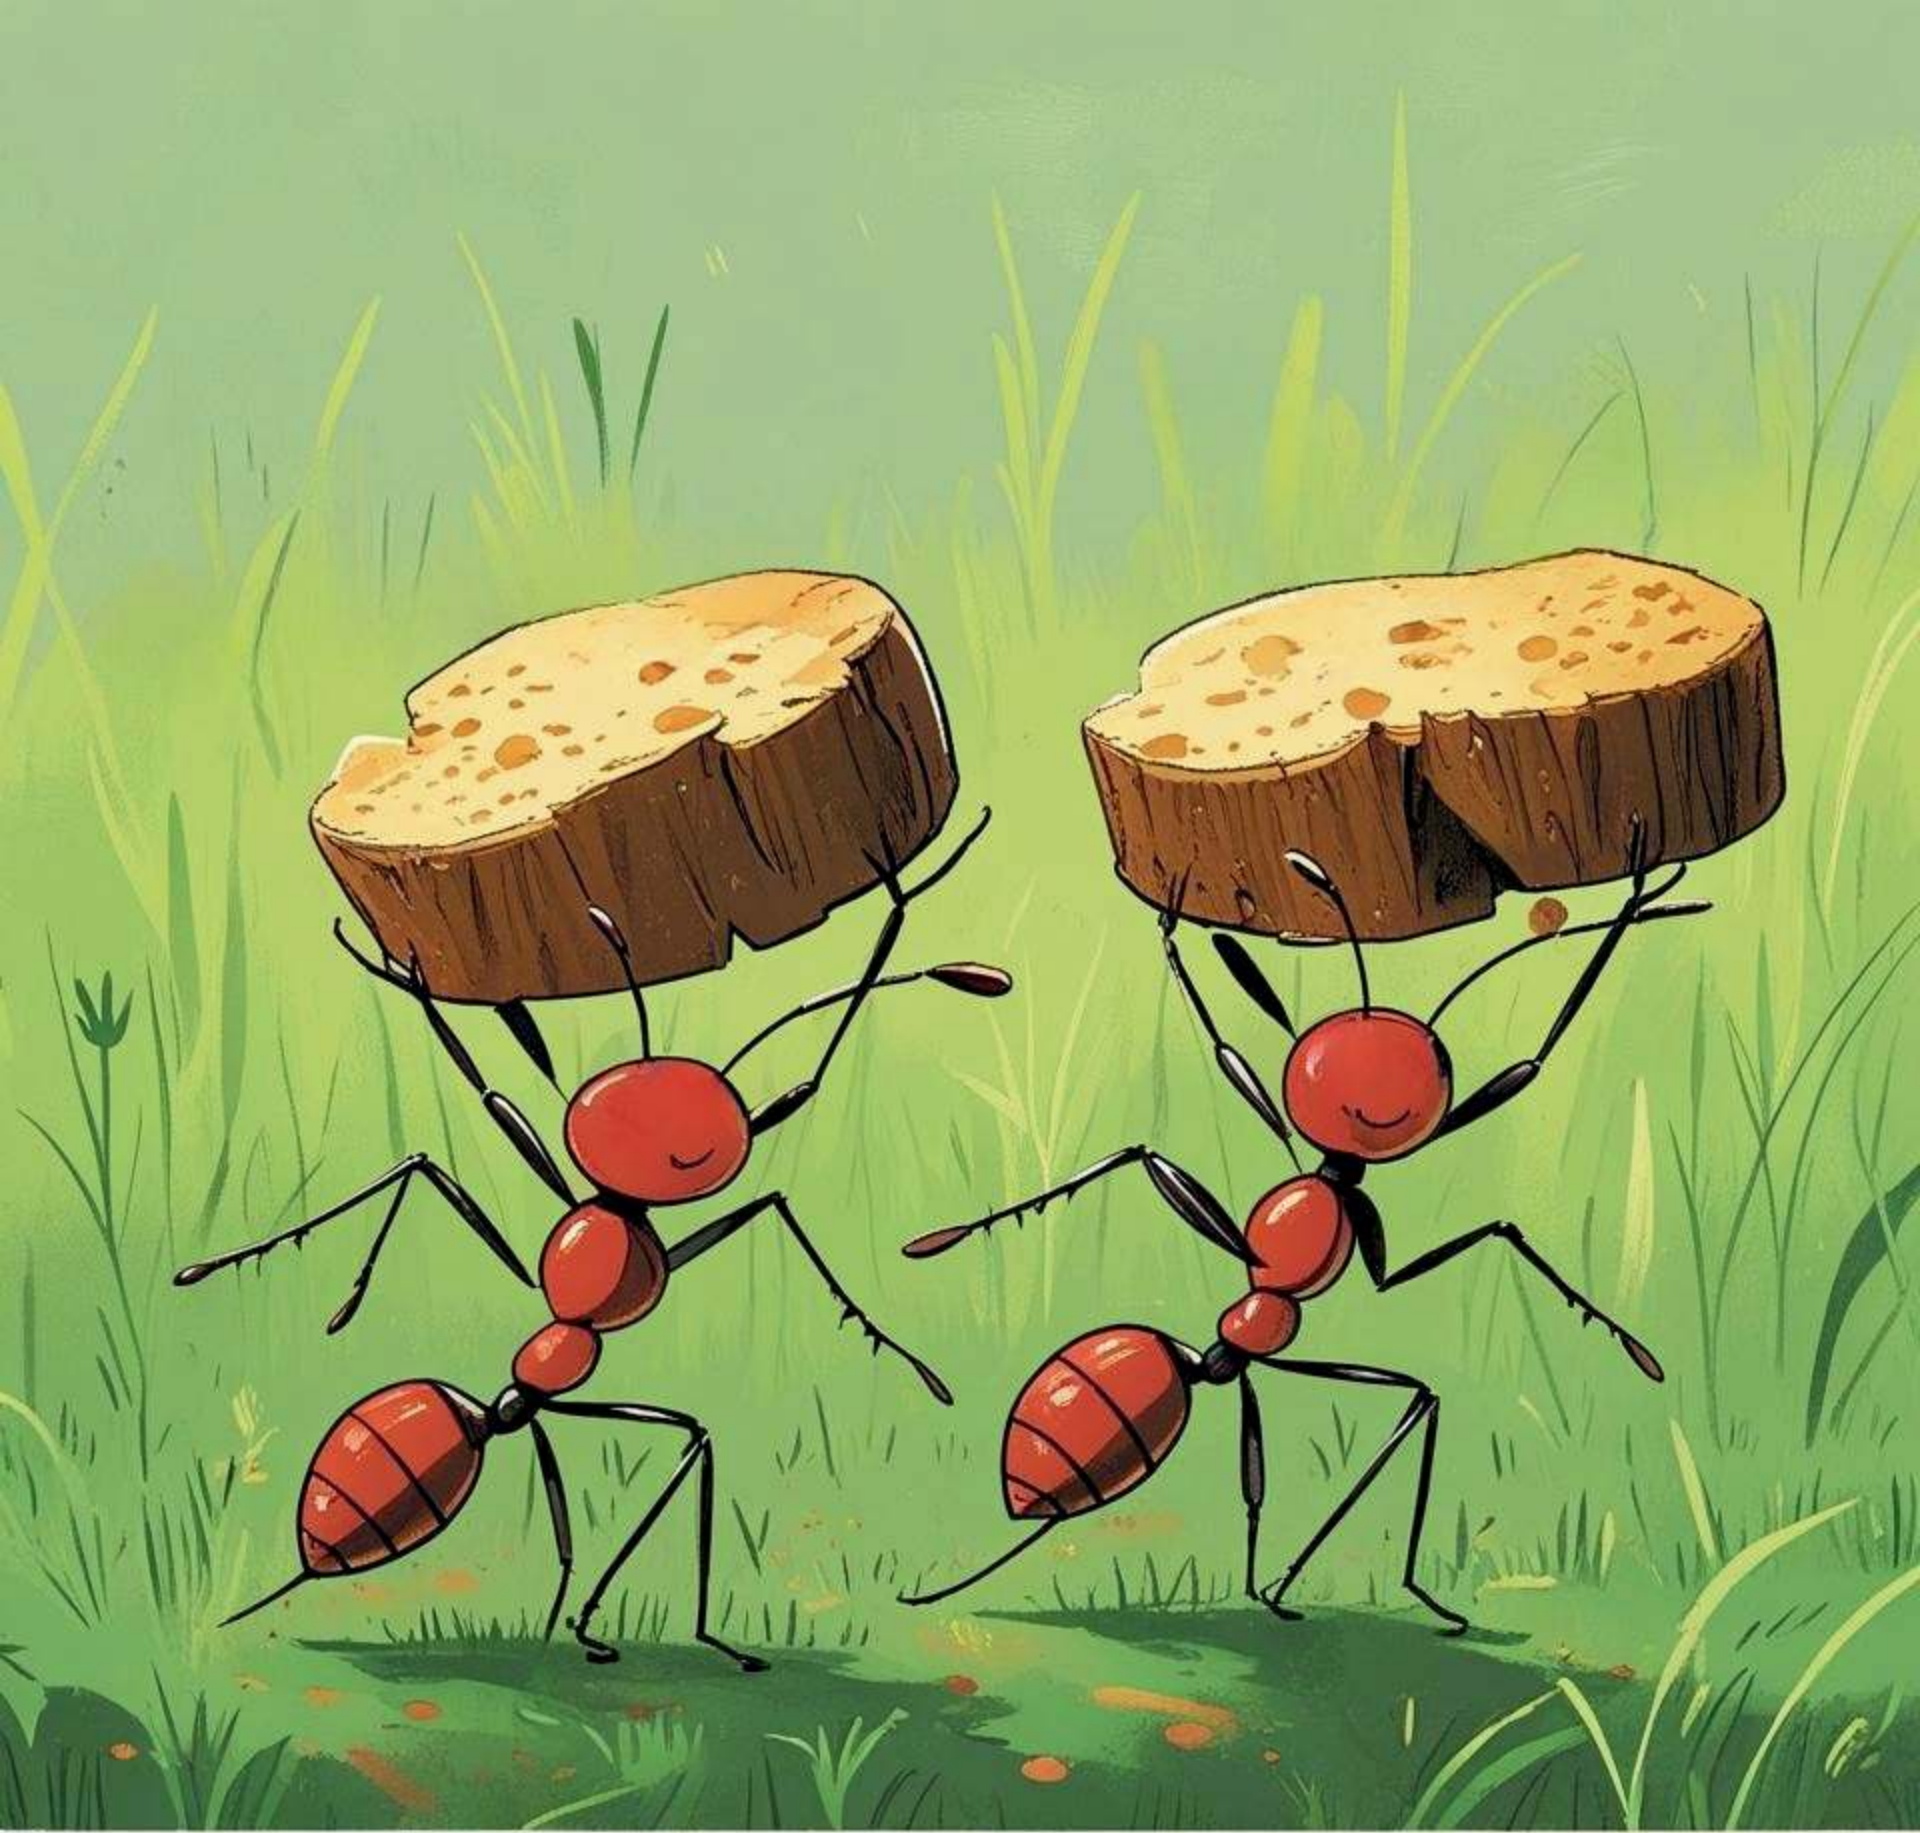

**Allah made the cat so small,
Purring softly through it all.**

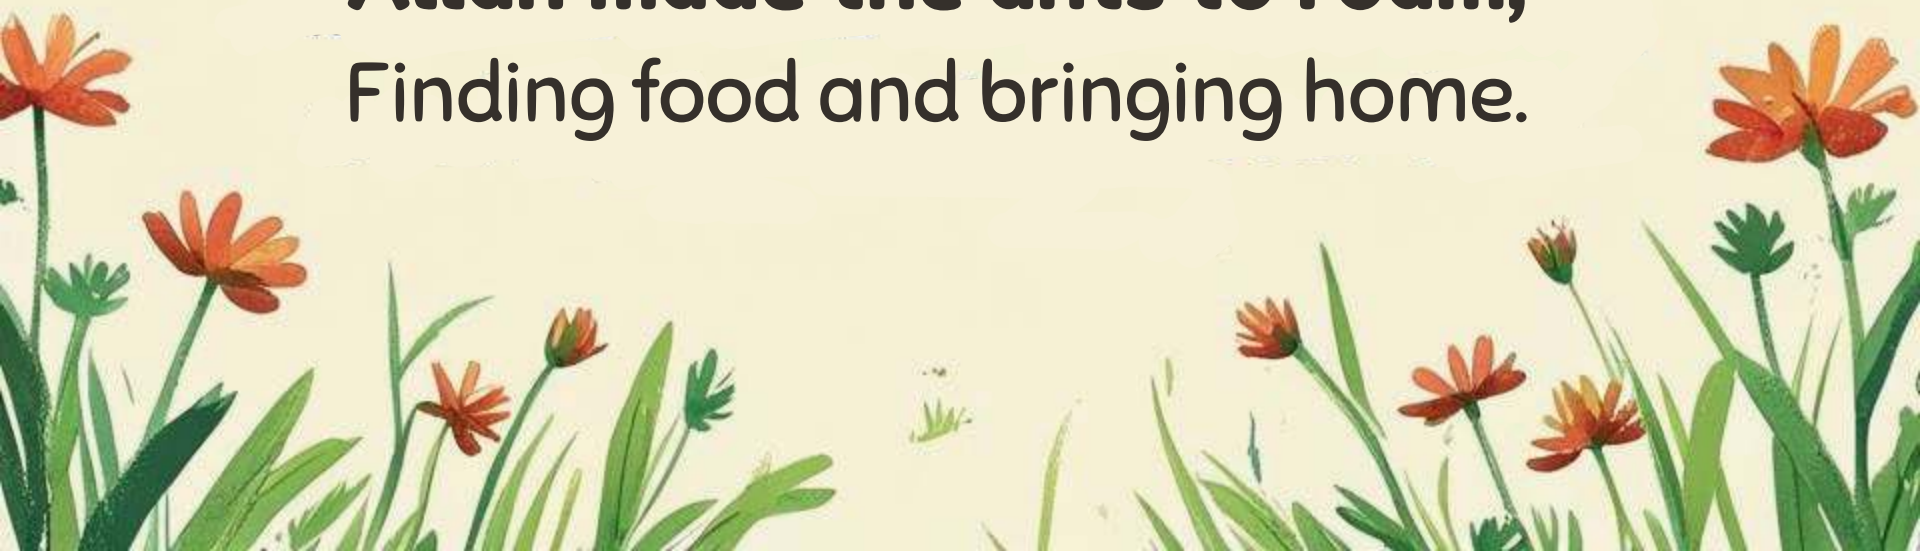

**Allah made the dog to cheer,
Leaps with joy when you appear.**

**Allah made the butterfly,
Flapping wings to touch the sky!**

**Allah made the ants to roam,
Finding food and bringing home.**

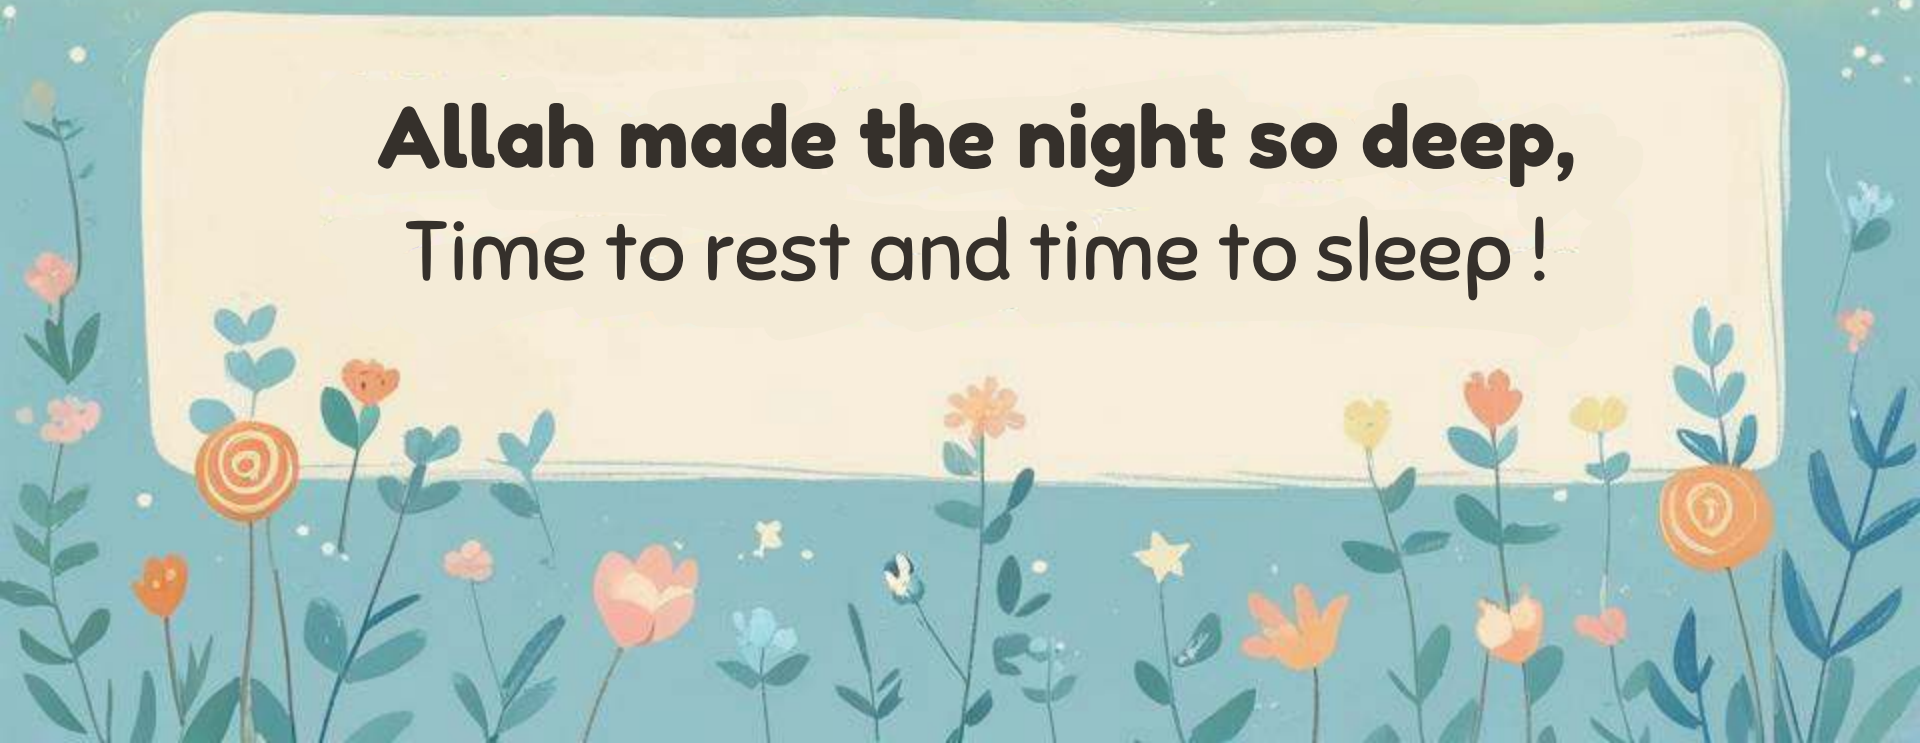

**Allah made the honey sweet,
golden, sticky, good to eat !**

**Allah made the night so deep,
Time to rest and time to sleep !**

**Allah made the day so fun,
time to play in the sun !**

Each and everything, both big and small,
Is made by Allah, who loves us all.
