When you're about to climb up really high, or do anything that you're a bit scared to do, it feels a lot better when you say, "Mum watch me!"

It feels safer, just because someone is watching...

**Well, Bismillah is like that, except it is Allah you are calling out to. And He always listens.
Imagine that! Allah watching over whatever you do, to make sure it goes well. That's what Bismillah is...**

**You can do anything,
if you start it with Bismillah!**

**It is asking for Allah's help.
Asking Him to be with you
when you do something.**

**Just the way you always ask
people that you love, to do
things with you.**

**You can say Bismillah
before riding your scooter,**

Or before making Wudu,

Or before changing your clothes.

**And especially
before eating.**

**In fact, if you don't say Bismillah
before doing things, it's like you're
not doing things right.**

Like baking a cake without sugar.

Or riding a bike with a flat tyre.

**So you should say Bismillah before
doing absolutely anything.**

**You can say it before turning a
device on,**

**Or before starting to
read a book,**

**Or when beginning your
homework,**

Or when picking a flower.

**You can even say Bismillah
before speaking to a group of people,**

Or when giving money
to charity,

Or before you jump,

Or start to
paint.

So now you know...

**Allah loves you. Say Bismillah,
and He will be there.**
