

Allah Made Me Special

**Allah made my head to toe,
Gave me eyes, and hands that grow.**

**Allah made my eyes to see,
The moon, the stars, my family and me.**

**Allah gave me hands to share,
to hold, to show what I care.**

**My feet can jump, my feet can run,
I chase the wind, play in the sun.**

I stand with love, I walk with grace,
Allah gave me this lovely face.

In every smile and every tear,
I feel Allah's mercy near.

**I say Bismillah before my meal,
To thank Allah for all I feel.**

**I help my friends, I share my toys,
I spread Allah's love and joyful noise.**

Who is this bright and shining light?
A blessing from Allah, pure and right.

Starting small, I gain my height,
Each new day brings fresh delight.

I praise Allah every day,
Alhamdulillah is what I say.
